Subject: Our river needs a cleanup

Please reject any cleanup plan that doesn't respect the harbor's important role in our economy.

I am all for a clean river. We all enjoy visiting the parks and trails near the Willamette. But I also know that the river helps produce millions in wages for people and companies who work in the Portland harbor. Please be sure that your plan is good for them, too. These companies that are in this area are willing to work, with the wildlife issues and community on accomplishing these goals. Please take this into consideration when making your decision.

Thank you for what you do for our environment. Please consider my thoughts and approve a plan that's good for our economy as well.

Sincerely,
